**NEW DOOR CONCEPT DESIGN
MI & TI LABORATORY & DESIGN**

Wood has always been the base for our success with doors - in this mentality was born **QUADRA**, perfect match of consistency and value of MASSIVE WOOD, with lightness and contemporaneity in design. The doors of this collection are characterized by a natural energy and, at the same time, an extreme capacity to stay unscathed through fashion years; they were thought to give movement to home spaces, always keeping an eye to style and sobriety.
